Sub: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for Commencement of the Operations of the Subsidiary.

Security Code: FELIX

ISIN: INE901X01013

Dear Sir/Mam,

In continuation of our previous disclosures regarding the subsidiary, Felix Industries LLC, and pursuant to Regulation 30 and other applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are absolutely thrilled to share that Felix Industries LLC, a subsidiary of Felix Industries Limited, has officially commenced its operations! This marks a momentous step forward in our journey, and we are excited to bring new possibilities to life through this milestone achievement.

Details of the Material Event:

- Name of the subsidiary:** Felix Industries LLC, Oman
- Nature of Operations:**
 - Oil processing plant:**

100 Tonnes Per Day: Utilizing advanced techniques to recycle and purify used oil, we transform waste into reusable, high-quality oil, promoting resource efficiency and reducing environmental harm.

 - Major Unit operations – Dehydration
Oil Distillation
Sludge Removal
Sludge Pyrolysis Treatment
 - Single use Plastic Processing:**

48 tonnes pe day – Pyrolysis Treatment
Employing cutting-edge recycling technologies, we process various plastic wastes into reusable raw materials, minimizing plastic pollution and contributing to a circular economy.
 - Chemical Waste Incineration (Solid Waste Disposal) :**

100 Tonnes Per day – Rotary Kiln
Ensuring the safe, compliant, and eco-friendly disposal of hazardous and non-hazardous chemical waste, our processes adhere to stringent environmental regulations to mitigate risks to health and the environment.
 - Waste Water Treatment:**

300 Tonnes Per Day- Waste Water Treatment
150 Tonnes Per Day- Evaporation Process
150 Tonnes Per Day-Effluent Treatment Plant Effluent Recycling System

Our innovative wastewater treatment solutions focus on purifying industrial enabling its reuse and minimizing the ecological footprint. This ensures clean water availability while reducing pollution.
